

## R&D and Intellectual Property Scoreboard 2006 Benchmarking Innovation in Australian Enterprises

Edited by Dr. Nina Van Dyke

A4 54pp ISSN 1444-2639 \$A33 per copy (including GST)

The R&D and Intellectual Property Scoreboard 2006 is the most comprehensive assessment to date of the innovative activities of large enterprises. The report provides an invaluable information source for benchmarking and competitor analysis. The innovative activities covered by the report contain the latest available information on the level of R&D and applications for intellectual property (patents, trade marks and designs).

The report includes:

- an innovation index, ranking Australia's most innovative firms
- R&D Expenditure and intensity rankings for parent companies
- the level and intensity of intellectual property applications (patents, trade marks and designs) for parent companies
- industry listings (all measures combined).
